Supervisor Tanya Yerdon - does the board have any questions? CW E. Yerdon - how much do we have for this project. Supervisor Tanya Yerdon - we have put \$ 150,000.00 in the budget for the new building, plus the engineer, the asbestos testing, removal of the old town barn, removal of the old church. Highway Superintendent Paul Pratt- there was mention of pavement instead of concrete, that would cost more but that also can be done at a later date. CW E. Yerdon - we can

transfer money from the General Fund to the Highway Fund but not the other way, correct? Supervisor Tanya Yerdon - yes - which we may have to due to taking the old church down. We tried to get the asbestos report for the meeting but we didn't receive it. There was discussion regarding the cost of the Engineer, the cost of the asbestos report, the floor of the new building. CM E. Webb - crusher run will work fine in there, pavement could get divots if the equipment sits in the same spot for a long period of time. Highway Superintendent Paul Pratt - the crusher run is already in place and will work fine, can pave or concrete at a later date. CW E. Yerdon - we need to wait for the asbestos report before we will know what we really can do. Supervisor Tanya Yerdon - we will have the report before the next meeting, the buildings will not be torn down by the Old Home Days but we have to get them down before winter. TC S. Hough - has received the letter from National Grid that the power has been removed from the old church.

Supervisor Tanya Yerdon - regarding the right of way for Spectrum - she has been in contact with NYMIR, Spectrum and Town Attorney Bob Genant - they requested the following added to the agreement- have additional coverage, the Town of Redfield as an additional insured. Spectrum has brought the contract up to NYMIR and Bob's specifications, current certifications. They hope to be able to offer many customers service by winter.

**Resolution 19-71**

Motion was made by Carla Bauer and seconded by Matthew Tompkins to authorize Supervisor Tanya Yerdon to sign the right of way agreement with Spectrum.

She has not heard from the DEC regarding the fishing parking lot on Waterbury Road. Highway Superintendent Paul Pratt - he knows in other places Spectrum has supplied the Town Offices and Town Barn's with free internet - he has no idea if they will offer that in Redfield but something to keep in mind. CM M. Tompkins - is the company supplying the internet Spectrum. Paul - yes, but this is not part of the Governor's \$ 9 million. Joe Cesta - has internet on Indian Hill, is willing to help with an auction site for the Town. Supervisor Tanya Yerdon - the Town will not have their own auction site, will call auction international when the time comes. Mitch Yerdon - if you do decide to put a concrete floor in at a later date, the doors would be ground height, you might decide to leave the gravel forever.

Motion was made by Erwin Webb seconded by Matthew Tompkins to adjourn the meeting at 6:54pm.
