Supervisor Matthew Tompkins called the Public Hearing to order at 7:00pm, the purpose of this public hearing is to discuss the Tarpon Towers wireless telecommunications tower located on Zackary Montieth’s property at 3964 County Route 17, Redfield, NY 13437. Are there any questions or concerns regarding this project.

Jared Lusk – the width of the driveway – Mike Yerdon is calling it a road and our Engineers consider it a driveway. Jared Lusk read a letter written by the Architects stating that in the past twelve years this has never been an issue on any of their projects for a Tower, they are considered a driveway not a road, letter forwarded to Supervisor Matthew Tompkins. There was discussion. Supervisor Matthew Tompkins asked the dimensions of the road that goes to the Tower at the Braes – Mike Yerdon does not know. Mike Yerdon – he is not authorized to accept appeal regarding the road standard. Jared Lusk – it’s a driveway not an apparatus road, based on his review there’s no description of a driveway, no language for a Tower. CM C. Yerdon – will the driveway/road be maintained in the winter? Jared – no for every snowstorm, they are remote. Supervisor Matthew Tompkins – any other comments? CM T. Harlander – will there be signage/gates at the end of the road, with snowmobilers and ATV’s it could be a problem. Jared – a gate will be at the end so they can’t park/drive on it. Supervisor Matthew Tompkins – any other comments? Supervisor Matthew Tompkins – any other comments?

A motion was made by Carla Bauer and seconded by Terry Harlander to adjourn at 7:13 pm with all present voting in favor.
